

CONTENTS

MINING SCIENCE

1. **Sobko B., Hrytsenko L.** The current state of surface development of non-metallic mineral deposits for the production of crushed stone products.....7
2. **Azarian V., Fedorenko S., Titov D., Grinchenko V.** Actualization of the issue with sustainable quality ensuring of iron ore raw materials in the conditions of mining department PJSC "Arcelormittal Kryvyi Rih"17
3. **Korsunskyi G., Lozhnikov O., Konoplova O.** Research of mining works development dynamics at the exploitation of flat deposits.....26
4. **Kuvaiev V., Mladetskyi I., Kuvaiev M., Berezniak O.** Hydraulic separation in spiral classifiers. Part 1. Theoretical justification for a mathematical model compiling.....38
5. **Malashkevych D., Petlovanyi M.** Analytical investigation of the undercut rock placement parameters in the mined-out space using the horizontally closed backfilling conveyor.....49
6. **Mukha O., Luts I., Yurchenko A., Saveliev D.** Substantiation of the device of aspiration ships at overloading of mountain mass on conveyors.....63
7. **Nazarenko M.** Global prospects on digitization of mining companies with K-MINE.....72
8. **Salieiev I.** Desalination of mine water during the closure of the mine named after M.I. stashkova OF PJSC "DTEK Pavlohradvuhillia"81
9. **Cherep A.** Generalization of the methodological approach to evaluation of efficiency of mining and processing production.....95
10. **Shustov O.** The development of technology schemes of formation of external dump of different types of rock in landslide conditions.....106

MATERIALS SCIENCE AND INDUSTRIAL MACHINE-BUILDING

11. **Belmas I., Kolosov D., Dolgov O., Chechel T., Vorobiova O.** Stress-strain state of flexible composite tractive element of irregular structure.....116
12. **Kolosov D., Bilous O., Tantsura H., Onyshchenko S., Vorobiova O.** Stress state of belt in powerful conveyor with breakages of cable groups.....125
13. **Kolosov D., Samusia V., Tantsura H., Bilous O., Vorobiova O.** Influence of deformation non-linearity of cables on rope stressed-strain state.....132
14. **Kravchenko Yu., Patsera S.** Stress distribution along the plastic-elastic blade-to-chip contact area.....140

EARTH AND PLANETARY SCIENCES

15. **Kutsevol M.** New data on halloysite of Ukraine.....154
16. **Nikitenko I.** On the use of Middle Dnipro region granites in the pre-industrial period.....165

OIL AND GAS ENGINEERING AND TECHNOLOGY

17. **Ihnatov A., Pashchenko O., Koroviaka Ye., Semekhin Yu., Logvinenko O., Askerov I.** Some explanations of the impact mechanism on rocks when drilling wells.....177

18. **Lubkov M., Zakharchuk O.** Influence of heterogeneous permeability distribution on filtration processes around the acting gas production horizontal well193
19. **Pavlychenko A., Ihnatov A., Koroviaka Ye., Rastsvietaiev V., Zatkhey N., Dmytruk O.** Study features of the hydrogeological wells construction in various conditions 205
20. **Chudyk I., Dudych I.** Experimental studies of the well flushing process220

AUTOMATION AND COMPUTER-INTEGRATED TECHNOLOGIES

21. **Bublikov A., Boyko O., Voskoboinyk Ye., Slavinsky D., Shevchenko V.** Створення моделі дискретної системи автоматичного керування групою обігрівачів при електричному опаленні233
22. **Novitskyi I., Sliesariiev V., Maliienko A.** The basic principles of organizing prospecting procedures for managing the process of autogenous grinding of ores in drum mills245

ENVIRONMENT PROTECTION TECHNOLOGIES

23. **Myronova I., Milyutina V.** Assessment of the ecological condition of the residential area of Dnipro city254
24. **Chushkina I., Maksymova N., Orlinska O., Pikarenia D., Hapich H.** Economic efficiency of application of geophysical methods in diagnosis of technical condition of regulatory pool267
