

CONTENTS

MINING SCIENCE

1. **Sobko B., Kardash V.** Substantiation of the technological scheme of development of the outstripping overburden bench at quarry field curvilinear contour..... 7
2. **Sobko B., Lozhnikov O., Barabitskaya G.** Planning of ore shotpile selective mining by the geoinformation technologies in the condition of the Ferrexpo Eristovo Mining..... 18
3. **Anisimov O.** Formation of technological schemes during working off steeply inclined layers..... 30
4. **Isonkin A., Osipov A., Matviichuk A.** Estimation of the efficiency of destroying hard rocks by composites sintered in the diamond-carbonate system..... 43
5. **Sadovenko I., Bondarenko V., Salieiev I., Zagrytsenko A.** Substantiation of hydromechanical parameters of water regulation using mine pillars during mines closure..... 55
6. **Sidorenko V., Romanenko A., Panchenko V.** Development of a method for determining the stability reserve of iron ore pit board section..... 68
7. **Filonenko O., Petlovanyi M.** Methods for studying the parameters of the formation of a backfilling mass of open pit cavities from metallurgical slags..... 81
8. **Khorolskyi A., Pochepov V., Lapko V., Salli V., Mamaikin O.** Developing a model parameter optimization of coal mines under diversification..... 99
9. **Sheka I., Tsivka Ye.** Substantiation of carbon fiber as an innovative materials for fistening of mining workings of coal mines..... 112

ENVIRONMENT PROTECTION TECHNOLOGIES

10. **Kolesnik V., Buchavyi Y., Liasov K.** Systematization and selection of ecologically significant characteristics and indicators of metallurgical slags to the knowledge base of specialized GIS..... 122
11. **Kolesnik V., Pavlychenko A., Kholodenko T., Kirichenko A.** Rational crushing of mineral raw materials by well charges as a factor of environmental safety of blasting works in quarries..... 138
12. **Pavlychenko A., Haidai O., Firsova V., Lampika T.** Investigation of properties, structural links and structure of dispersed systems from coal sludges..... 154

MATERIALS SCIENCE AND INDUSTRIAL MACHINE-BUILDING

13. **Belmas I., Kolosov D., Dolgov O., Tantsura H., Onyshchenko S.** Influence of breakages of cable groups on strength of rubber-cable tractive-transporting element..... 166
14. **Norenko D., Kukhar V.** An experimental justification of industrial water strainer brush cleaner properties..... 175
15. **Belmas I., Shvachka A.** Substantiation of research of diagnostic methods for variable section rope..... 188

APPLIED MECHANICS, CONSTRUCTION AND CIVIL ENGINEERING

16. **Derbaba V., Nosachov V., Rizo Z.** Research and improvement of methods of testing machines for geometric and kinematic accuracy..... 198

EARTH AND PLANETARY SCIENCES

17. **Shevchenko S., Baranov P., Kirin R.** On the potential of iron ore deposits of Krivbas from the positions of aesthetics, ecology and economy..... 213

AUTOMATION AND COMPUTER-INTEGRATED TECHNOLOGIES

18. **Boyko O., Voskoboinyk E., Protsenko S., Slavinskyi D.** Design and development of software industrial controllers based on status..... 229
19. **Bublikov A., Sosnin K., Papaika Yu.** Automatic control of the coal mining drainage installation taking into account the trison tariff for electricity..... 239
20. **Voskoboynik E., Boyko O., Karpenko O., Slavinskyi D.** The implementation of a digital system for automatic continuous control object, based on a physical model of the object using a thermal Scada Zenon system..... 253
21. **Meshcheriakov L., Kozhevnykov A., Prykhodchenko S.** Intellectual agents of targets in analytical constructing of optimum systems of management of drum mills..... 264
