

CONTENTS

MINING SCIENCE

1. **Sobko B., Chebanov M., Armanovskiy O., Kriachek V.** Justification of the use of milling combines at quarries for the extraction of non-metallic minerals..... 7
2. **Herasymenko A., Shyrin A., Inyutkin I., Dyachkov P.** Justification of the area of efficient use of mining transportation equipment for quick conduct of preparatory works..... 20
3. **Hryhoriev Y., Lutsenko S., Hryhoriev I., Shvets Y., Kuropiatnyk I.** Dynamic design of technical and economic indicators of open-pit mining with the help of neuron network technologies..... 33
4. **Davidenko N., Anisimov O.** Studying the change in the length of rock mass transportation when deepening a pit using steeply inclined trenches... 42
5. **Dzoba M., Frolov A.** Study of the influence of the slope angle of the working ledge of quartz sands on the coefficient of its stability..... 51
6. **Kononenko M., Khomenko O., Kosenko A., Bash V.** New method for determining the parameters of drilling and blasting for raising mine workings..... 63
7. **Malykh D., Titov D., Eremenko G.** Dynamic interaction of borehole charges groups in time and its effect on the explosive destruction of a rock mass..... 81
8. **Romanenko A.O., Romanenko O.V.** Analysis and improvement of the methodology for solving the braking task of open-pit rail transport..... 91
9. **Rudniev Ye., Filatieva E., Popovych V., Antoshchenko M.** On methods for determining the true density of coals to predict the outburst hazard of coal seams..... 108
10. **Chebryachko Yu., Mukha O., Shustov O., Bednyuk O.** Analysis of the processes of dust formation and spread during the operation of a mining combine harvester in a dead-end production..... 115
11. **Yakovenko V., Bondarenko V., Petlovanyi M., Kovalevska I., Drahun D.** Analysis of inrush formation specifics of border rocks in the extraction workings and ways to increase their stability..... 127

EARTH AND PLANETARY SCIENCES

12. **Ishkov V., Baskevych O., Kozii Ye., Dreshpak O., Pashchenko P., Kozar M., Kasianenko T.** Peculiarities of changes in the thin crystalline structure of quartz of the Syniavske granite deposit under the influence of drilling and blasting operations..... 142
13. **Ishkov V., Kozii Ye., Chernobuk O., Pashchenko P., Kozar M., Dreshpak O.** Spatial distribution of germanium in coal seam c_7^H of the Pavlohradska mine field..... 158
14. **Savchuk V., Prykhodchenko V., Khomenko N., Khomenko D.** Composition and quality of coal seams of mine 'Novovolynska' No. 10 in the Lviv-Volyn basin and the primary directions of their utilization..... 173

APPLIED MECHANICS, CONSTRUCTION AND CIVIL ENGINEERING

15. **Dadiverina L., Laukhin D., Beketov O., Vyhodin M.** Improving methods for planning resource support for projects of comprehensive restoration of residential buildings..... 187
16. **Maksymiuk Y., Andriievskiy V., Martyniuk I., Maksymiuk O.** Research of the stressed and deformed state of a damping element..... 198

OIL AND GAS ENGINEERING AND TECHNOLOGIES

17. **Pavlychenko A., Koroviaka Ye., Martsynkiv O., Ihnatov A., Vasylichenko D., Askerov I.** Technological and environmental features of the well construction cycle in mineral leaching methods..... 206

ELECTRIC POWER ENGINEERING, ELECTROTECHNICS AND ELECTROMECHANICS

18. **Nezhurin V., Nikolenko A., Tsyplenkov D., Bobrov O., Fedorov S., Savvin O.** The influence of reactive power compensation methods on the burning characteristics of shunted electric arc in an ore reduction furnace... 219
19. **Khilov V.** Determination of method controlling of rod drives open-pit drilling rig..... 228

ENVIRONMENT PROTECTION TECHNOLOGIES

20. **Dovhal D., Verner I.** Geometric foundations for the determination of a flat-planetary drill cutting edge deviation..... 237
21. **Zabolotnyi K., Burkov A., Panchenko O., Zhupiiev O., Symonenko V.** Optimization of contact stresses in shoe brakes of mine hoisting machines..... 247
22. **Zabolotnyi K., Panchenko O.** An innovative approach to the development of tubing erector using recurrent metamodeling..... 260
23. **Slupska U., Beketov O., Rott N., Laukhin D., Tverdokhlib O., Verner I.** Simulating the structure-property relationship in weld zones..... 273

MATERIALS SCIENCE AND INDUSTRIAL MACHINE-BUILDING

24. **Kovrov O., Malichenko V., Kulikova D., Buchavyi Yu., Gruntova V.** Study of the prospects of using composite briquettes from coffee waste for phytoremediation technologies of degraded lands..... 283
25. **Rusakova T., Voitenko Y.** Predictive model for assessment of atmospheric air pollution by car transport..... 292
