

CONTENTS

MINING SCIENCE

1. **B. Sobko, A. Mykhailenko** Determination of the optimal number of mining equipment when forming stockpiles in an iron ore open-cast mine..... 7
2. **M. Beltek, A. Han, O. Han, O. Frolov** Influence of rock mass fracture degree on the efficiency of its explosive destruction..... 16
3. **O. Anisimov, N. Davidenko** Schemes for opening new horizons and forming steeply inclined ramps when using crawler dump trucks..... 28
4. **N. Zuievskaya, D. Darmostuk, T. Kosenko, R. Semchuk, O. Ovcharov** GIS assessment of copper-zinc deposits under conditions of underground mining..... 40
5. **N. Zuievskaya, D. Darmostuk, T. Kosenko, P. Hajiyeu, N. Shukurlu** Application of GIS analysis for engineering and geological assessment of kimberlite deposits..... 51
6. **R. Ihnatiuk, Yu. Podchashynskyi, R. Merynov** Comparative analysis of energy and resource efficiency in primary cutting of natural stone for waste minimization..... 64
7. **I. Mladetskyi, K. Levchenko, N. Kushniruk** Determination of the required measurement error of enrichment indicators..... 74
8. **P. Saik, D. Yankin** On the issue of the rational planning of mining operations for underground coal gasification..... 81
9. **D. Titov, S. Henkulenko, Y. Hryhoriev, V. Kozariz, S. Balyk** Comparative analysis of the long-term impact of mass explosions on the rock masses properties with adaptive interpretation of observation results..... 93

EARTH AND PLANETARY SCIENCES

10. **A. Moskalenko, V. Prykhodchenko, I. Davydov** Paleoecological conditions of the upper eocene sea: spatial distribution of mollusks in the mandrykivska strata of the Rybalskyi quarry..... 105
11. **I. Nikitenko, M. Daragan** On the provenance of raw materials of stone artefacts collection from the funds of the Institute of archaeology..... 112

APPLIED MECHANICS, CONSTRUCTION AND CIVIL ENGINEERING

12. **O. Voichyshen** Determination of the shear angle during chip formation through the components of the cutting force..... 123
13. **S. Hapiciev, G. Starushenko, H. Ivanova, M. Vyhodin** Digital model for investment risk assessment in the energy sector..... 131
14. **G. Ivanova, S. Olishevskaya, K. Kravchenko, V. Kulivar** Prerequisites to the introduction of the effect of microwave radiation on the properties of cement-based solutions and concrete..... 142
15. **V. Kovrova, V. Volkova** Comfort and safety in buildings under vibration effects: challenges and ways to overcome them..... 150
16. **S. Mytsiuk, V. Andriievskyi, D. Mytsiuk, Yu. Repyakh** Verification of the calculation results of the SAFEM bolted connection using the IDEA StatiCa connection software..... 160

MATERIALS SCIENCE AND INDUSTRIAL MACHINE-BUILDING

17. **D. Dovhal** Geometric and computer modeling of spatial cut shapes formed by the cutters of planetary-toroidal executive units of rock-destruction machines..... 168
18. **V. Franchuk, O. Antsiferov, S. Havrylenko** Dynamics of a balanced screen-loader with an eccentric drive..... 177
19. **A. Khrutskyi, V. Hromadskyi, O. Kryvenko, V. Hromadskyi, O. Lifentsov** Selection of rational parameters of working elements with an equidistant profile of single-screw hydraulic machines for mining equipment..... 190

ELECTRIC POWER ENGINEERING, ELECTROTECHNICS AND ELECTROMECHANICS

20. **Yu. Papaika, M. Malyshko** Research of electromagnetic interference levels in power supply systems of industrial enterprises..... 199
21. **Yu. Papaika, O. Udovyk** Assessment of electromagnetic compatibility indicators of industrial power supply systems with power system capacity limitations..... 213
22. **V. Khilov** Quarry drilling rig feed drive dynamic properties..... 223

OIL AND GAS ENGINEERING AND TECHNOLOGIES

23. **I. Akolzin, O. Samoilenko, Ye. Koroviaka** Research on the accuracy of point cloud formation for vertical steel tanks using laser 3D scanners and integrated software..... 234
24. **A. Ihnatov, A. Pavlychenko, I. Askerov** Ecological and technological components of the process of construction and operation of production wells... 248

ENVIRONMENT PROTECTION TECHNOLOGIES

25. **Yu. Buchavyi, P. Lomazov** Improvement of the methodology for forecasting unfavorable meteorological conditions for the dispersion of pollutants in the air..... 262
26. **R. Dychkovskyi, A. Pavlychenko, M. Kononenko, S. Dybrin** Evaluation of thermal conductivity and stability of thermal insulation materials for buildings based on the steady-state heat flow method..... 275
27. **V. Kolesnyk, Yu. Buchavyi, A. Rudchenko** Establishment of a correlation between indicators of resource saving and environmental safety..... 288
28. **I. Mironov, V. Kolesnik, Y. Buchavyi** Analysis of damage from military actions to land resources using remote sensing and GIS-technologies..... 301
29. **O. Nazarenko, A. Berezovska, Ye. Buyakova, A. Bashkirov, Ye. Sherstiuk** Determination of climate and technogenesis impact on the state of water resources in the southern regions of Ukraine..... 315
30. **L. Rudakov, D. Pikarenia, O. Orlinska, H. Hapich** Diagnostics of the technical condition of the tailing dam of the Vilmogirsky ore mining and metallurgical plant by geophysical methods and measures to increase the level of environmentally safe operation..... 324
