

CONTENTS

MINING SCIENCE

1. **V. Bondarenko, I. Kovalevska, R. Halkov, O. Mamaikin, I. Sheka** Substantiation of methods for predicting early detection of increased deformation zones to ensure reuse of mine workings..... 7
2. **V. Bondarenko, I. Kovalevska, O. Kravchenko, I. Movchan** Current state and prospects of additional extraction of rare metals and rare earth elements in coal deposits..... 18
3. **T. Hrebeniuk, L. Shaidetska, V. Bronytskyi, E. Shukurlu** Assessment of mineral resources for Yukon's gold mining district using GIS technologies..... 28
4. **S. Lutsenko, Y. Hryhoriev, S. Zhukov, A. Kravtsov, O. Kravtsova** Determinatives of the conceptual reconsideration of mine planning principles considering market dynamics and the imbalance between ore extraction and waste rock removal..... 37
5. **I. Miroshnykov** Justification of the mining operations on the Verbynske molybdenum ore occurrence with the purpose of production of mineral raw materials of temporary conditions..... 50
6. **I. Mladetskyi, K. Levchenko, N. Kushniruk, I. Cheberiachko, V. Zhuravlov** Criteria for division of separation processes..... 64
7. **O. Pashchenko, Yu. Zabolotna, Ye. Koroviaka, V. Rastsvietaiev** Application of drone-based photogrammetry for monitoring surface deformation in open-pit mines..... 74

EARTH AND PLANETARY SCIENCES

8. **K. Kolchev** Uncertainties and risks of drained peat deposits mining..... 86
9. **I. Sadovenko, T. Mokritska, N. Dereviahina, S. Onyshchenko** Study of degradation patterns of strength properties in soil massif due to dynamic (explosive) loading..... 99

MATERIALS SCIENCE AND INDUSTRIAL MACHINE-BUILDING

10. **K. Zabolotnyi, O. Panchenko, M. Kovyrev** Determination of design force factors in a multilayer winding of a rubber rope cable..... 106
11. **O. Rakaev, K. Ziborov, I. Soloviov, V. Filatov, D. Mamchur** Analysis of fracture kinetics of 10G2FB steel samples depending on the structural state. 116
12. **O. Rakaev, I. Soloviov, V. Filatov, D. Dovhal, A. Opanasenko** Study of the relationship between plastic deformation and intermediate structural components in construction steel..... 123
13. **L. Shyrin, O. Trofymova, S. Felonenko, I. Iniutkin, V. Medianyky** Features of the operating conditions of emergency rescue cages of lifting installations in vertical shafts of mines and mines..... 130

AUTOMATION, COMPUTER-INTEGRATED TECHNOLOGIES AND ROBOTICS

14. **A. Bublikov, O. Repych, S. Zubenko, D. Slavinskyi, I. Kolysnychenko** Method of remote change of the algorithm scheme in the controller for automation of control processes of technological objects..... 140
15. **O. Shulhin** Automation of the quality control process of dental implantation products using machine vision..... 149

ELECTRIC POWER ENGINEERING, ELECTROTECHNICS AND ELECTROMECHANICS

16. **P. Tsyhan, Yu. Shyshko, D. Chaika** Features of transition of hybrid inverters to standalone mode with induction motors..... 159

APPLIED MECHANICS, CONSTRUCTION AND CIVIL ENGINEERING

17. **O. Hryhoriev, O. Skobenko, V. Kulivar, L. Kurop** Model of deformation of steel arch support in horizontal underground workings of deep mines..... 170
18. **V. Derbaba, O. Voichyshen** Software implementation of algorithmic model calculation of chips angles..... 177
19. **I. Sadovenko, S. Vlasov, V. Vlasov, S. Hroma, D. Tvilenov** Geogenetic and geomechanical typification of the weakening surface in the layered rock massif of the Western Donbass..... 188
20. **V. Ruban, S. Patsera, K. Andriushchenko** Mathematical modeling of titanium alloy turning process..... 195

OIL AND GAS ENGINEERING AND TECHNOLOGIES

21. **Yu. Zabolotna, O. Aziukovskyi, V. Rastsvietaiev, O. Kuchyn, M. Babenko** The concept of application modern geodetic methods in designing and constructing crossings main pipelines with railway trails..... 209
22. **M. Lubkov** Modeling of optimal installation of geothermal stations in the isotropic and shear-isotropic porous water reservoirs..... 222

ENVIRONMENT PROTECTION TECHNOLOGIES

23. **O. Han, R. Novokhatko** Innovative approaches to ensuring a sustainable and safe air environment in industrial ecosystems..... 232
24. **O. Zolotko, O. Zolotko, T. Rusakova, Y. Voitenko** Analysis of factors that determine the efficiency of electrostatic filters..... 242
